NVC Pays Gross Receipts

One of the benefits of doing business with NVC is that the company provides support to your local school districts through a variety of sponsorships and donations, and through the payment of gross receipts taxes.

Each year NVC pays gross receipts taxes on all the revenue that the company collects. These taxes are then distributed to the school districts in each of the counties where the revenue was generated.

In 2010, NVC paid a total of \$418,623 to thirteen area school districts.

When making decisions about your telecommunications purchases, take into consideration whether the company is a local entity such as NVC who provides monetary support each year to the schools in its service area, or whether it is in fact a national or regional company who does not provide such tax payouts. Shopping local pays!

Calling For Cash

This fall NVC sponsored Calling for Cash contests at area football games.

Any fan attending the game could sign up their cell phone number for the chance to win \$50! One number was drawn and called. If the owner answered, they won \$50 cash. NVC also provided a donation to each school who hosted a contest.

Pictured below are Calling for Cash winners Chelsey Plamp (Frederick), Janet Wanttie (Roncalli) and Kandace Stickler (Doland). Congrats to the winners!

Listen to the New Music Channels

In November NVC's music channels will change giving you more channels with more diverse music genres.

Channels include Hard Rock, Hot Country, Big Band, The Spa, The Light, Dance Clubbin', Everything 80's, Latino Tropical and many more. There will be 50 channels total compared to 45 now. We will publish a full music channel lineup in the December issue of the Network.

The new channels feature a slideshow and song information throughout each song so you always know who and what you're listening to. So this holiday season, tune to one of your favorites!
